

Prepmaster Rotary Scraper with Box

250-710mm

The Prepmaster rotary scraping tool is for all SDR rated pipe between 250-710mm. The tool features a 4 edge tungsten scraping tip and lightweight die-cast aluminum body construction.

It's easy to use, with a spring loaded scraping tip to accommodate irregular shaped pipe, and has excellent performance characteristics. Comes with a heavy duty carry case to keep your tool corrected. Made in the UK from quality materials, this is a tool that will work for you on site for many years to come

UPG also stock most spare parts in NZ for these tools and can service your tool if needed in the future.

Features:

- Perfect for pipe sizes 250-710mm
- 4 sided tungsten scraping tip
- Lightweight die-cast aluminum body
- Spring loaded tip for irregular shaped pipe
- Suitable for all SDR rated pipe
- 352 scrape length
- 0.2mm \pm 0.4mm cut depth
